

NORTH FLORIDA AIR CONDITIONING CONTRACTORS ASSOCIATION

NFACCA

December 2011

Volume 44, Issue 7

Presidents Perspective:

I want to start by thanking all of our members for supporting our association so diligently this past year. During tough economic times it's crucial that we keep fighting for the things that keep our industry strong and professional. We have done this with our initiative to stop unlicensed contracting. You should be proud of the fact that NFACCA has been a leader in bringing this issue to the forefront here locally, at the state level, and more recently, on a national level. The Air Conditioning Contractors of America (ACCA) has come on board and will be holding a meeting regarding this issue here in Jacksonville in March of 2012. I would like to start off by thanking everyone for being so kind and understanding with all of the transitions that we have been going through! I would also like to thank all of the members that

made our Fall Golf Tournament a big hit! Though it was chilly and windy we had a great turn-out!

Our Christmas Social was another wonderful event thanks to our outstanding members! We had lots of door prizes anything from flowers to

gift cards, but the grand prize I-Pad got to go home with Bob Battinelli with Air McCall!

I look forward to 2012 and trying to make NFACCA the best association in Florida with your help! Happy Holidays and Happy New Year!

and the Jacksonville Sheriff's Office for spear heading the initiative to put these illegal contractors out of operation. Outstanding!

We have also shown ourselves as folks who give back to our community. Our participation in the Extreme Make Over Home Edition project and our creation of the Air Angels Foundation of Florida allowed us to help some very deserving families this year (kudos to everyone who participated). Many of you have expressed interest in helping out with our next Air Angels project. I thank you for your enthusiasm and we'll be in touch with you soon.

In closing I want to say that it has been an awesome experience being the associations President the past two years. I want to thank all of our members for allowing me the privilege of being your leader. It has been an honor to serve our organization and our industry in this capacity. Thank You!

May God Bless you, your families and your businesses with a peaceful and prosperous 2012.

Sincerely,

Glenn Jones
