

FOUNDATION

**HELP, HOPE, AND UNDERSTANDING TO THOSE
STRUGGLING WITHOUT AIR CONDITIONING.**

Supporting the Communities that we
live, work, and play in since 2011!

Donors don't give to institutions. They invest in ideas and people in whom they believe.

- *G.T. Smith*

HOW WE'RE HELPING

Our goal is to provide heating & air conditioning to those who are military seriously ill or disabled & do not have the means or ability to provide it for themselves.

In these cases the lack of air conditioning is detrimental to the health & well being to one or more permanent resident in the household.

This may include repairing or replacing an existing air conditioning system or providing air conditioning to a home that does not have it.

- Air Angels Foundation of Florida

LEADING WITH PHILANTHROPY

HOW WE ARE HELPING

- Relies heavily on HVAC Contractors in the Jacksonville, FL community who donate their time to helping serve local families in need.
- Companies and Individuals can get involved by volunteering to work hand-in-hand with the HVAC Installation or assisting with one of our events.

WHO WE ARE HELPING

- We look for applicants that are actively involved in the community. It is our passion to give back to those that are serving the communities they live in.
- This can be demonstrated in either their careers or the difference they are making personally in their neighborhoods. Or simply have a financial and medical need.

DONATION PARTNERSHIPS

- Our HVAC Industry Partners are a powerful ally to the Air Angels Foundation.
- These Partnerships involve employee volunteerism and in-kind donations. We often see a variety of local vendors working together on any given project.

SERVING THE COMMUNITY

“We make a living by what we get...but we make a life by what we give.”
